</table>

### Note

- Please note that credit towards other majors and programs will be assessed on application.
- The maximum amount of credit available to BSc, Biomedic and Biotech students is 2 years (#32 units). If you accept #32 units of credit, you will complete your program within 1 year (#16 units) studying courses that are mainly at a higher level (Level 3 or higher). Thus while more credit makes your program of study shorter, it may reduce the flexibility. Some majors in UQ programs may be particularly restrictive if #32 units of credit is given (e.g. BSc Biomedical Science major). If you would prefer less than the maximum amount of credit and more time and flexibility to complete your program, please advise your agent or note this on your application form.

- Credit can expire. If your studies were completed ten or more years ago, you will not be eligible for credit towards your studies at UQ.
- BSc and Biotech (Single) Major is a standard major where students are required to complete #16 units for a major within their specialised area. Extended major is where students are required to complete #24 units for an extended major within their specialised area.
- Students interested in using the BSc Food Science and Nutrition major as a pathway to the Master of Dietetics at UQ should advise their agent and note this on their application form; credit may be reduced to facilitate entry prerequisites to the Masters.

---

**Courses that must be taken at home institute.**

- A201 Chemistry
- A202 Chemistry II
- A104/Biology OR A222/Molecular and Cell Biology
- A101/Anatomy and Physiology
- A223/Biochemistry
- A242/Recombinant DNA Technologies OR both A222/Molecular and Cell Biology and A321/Proteomics
- A322/Genetics
- A323/Genomics
- A222/Molecular and Cell Biology
- A331/Cell Cycle and Oncology
- A231/Pharmacology and Toxicology
- A264/Neurobiology

**UQ courses that can be directly credited:**

- CHEM100, CHEM200, BIOL1020, BIOL1040, STAT1201, MICRO2000, BIOL2200, BIOL2201, BIOM4402, BIOM2401

---

**Faculty of Science programs**

- Commence in Semester 1 or 2
- #32 credit
- #16 credit
- #24 credit

---

**Bachelor of Biomedical Science (2461) St Lucia**

- A201 Chemistry
- A202 Chemistry II
- A104/Biology OR A222/Molecular and Cell Biology
- A101/Anatomy and Physiology
- A223/Biochemistry
- A242/Recombinant DNA Technologies OR both A222/Molecular and Cell Biology and A321/Proteomics
- A323 Pharmacology and Toxicology

---

**Bachelor of Biomedical Science (2415) St Lucia**

- A201 Chemistry
- A202 Chemistry II
- A104/Biology OR A222/Molecular and Cell Biology
- A101/Anatomy and Physiology
- A114/Mathematics II

---

**Graduate in**

- A201 Chemistry
- A202 Chemistry II
- A104/Biology OR A222/Molecular and Cell Biology
- A101/Anatomy and Physiology
- A114/Mathematics II
