

Welcome to UQ Science!

Acknowledgement of Country

The University of Queensland (UQ) acknowledges the Traditional Owners and their custodianship of the lands on which UQ operates.

We pay our respects to their Ancestors and their descendants, who continue cultural and spiritual connections to Country.

We recognise their valuable contributions to Australian and global society.

The Brisbane River pattern from A Guidance Through Time
by Casey Coolwell and Kyra Mancktelow.

Commitment to Diversity and Inclusion

Diverse perspectives, abilities, experiences and backgrounds inspire creativity, encourage innovation and enrich our communities.

Members of our broad community are valued and respected for their individuality. UQ strives to create a culturally safe, welcoming and inclusive workplace, with strong community connections and partnerships.

GET SET

A must-do peer mentoring program for new students

Connect with a small group of new students and a mentor from your study area.

- Meet your group online and in-person
- Receive tips from a student mentor who has been in your shoes
- Get the support you need to settle into uni life

Get Set runs from Weeks 1–6

Don't miss out, register today!

UQ Gatton students: look out for your School event in Week 4

Opportunities during your program.

There are lots of ways you can get involved and make the most out of your time at university – having fun, making friends, developing new skills and mindsets, and enhancing your employability.

You can find out about all these opportunities and more in the fortnightly Science Student Opportunities email that will be sent to your student email address. Or by simply searching ‘UQ’ and the thing you want to know about e.g “UQ Summer Winter Research Program”

In your first year

- Get Set mentoring
- Academic skills workshops
- Clubs & societies
- UQ Sport
- Employability Award
- Get Involved volunteering
- Science Leadership Development

Later in your program

- Summer and Winter Research
- Science Undergraduate Research Conference
- Industry placements/ Work Integrated Learning
- Career and employability workshops
- Student-Staff Partnerships
- Global experiences
- Ventures entrepreneurship

UQ Science Orientation Linktree

Check in – are you prepared for Week 1?

Read your study plan?

The screenshot shows the 'Science planners' section of The University of Queensland's website. The header is purple with the university logo and navigation links: Study, Research, Partners and community, and About. A search bar is on the right. Below the header, the 'Science planners' title is followed by a breadcrumb trail: Home > Undergraduate > Postgraduate > Support. The main content area has a dark background with the title 'Science study planners' and a subtitle 'Study planners to help you organise your enrolment.' Below this are three cards: 1. 'Undergraduate' with an image of two students in a lab, text 'Study plans for diplomas and bachelor degrees.' 2. 'Postgraduate' with an image of two students in a field, text 'Study plans for graduate certificates, graduate diplomas and master degrees.' 3. 'Changes to our programs' with an image of a student at a laptop, text 'Details of changes to Science programs'.

- This provides all your program rules and helps you choose your courses. You'll need to refer to this throughout your program to make sure you meet program requirements.
- Need help? Email enquire@science.uq.edu.au

Completed class allocation/My Timetable?

The screenshot shows the 'MyTimetable' interface for Semester 1 2026. The header is purple with the university logo and the text 'Timetable Semester 1 2026'. Below the header is a navigation bar with links: Home, Timetable, Preferences, Planner, LiveCal, Help, and Logout. The main content area is divided into two columns. The left column shows the user's name 'Barbara Mejias' and email 's4574526@student.uq.edu.au'. Below this are three status boxes: '2 Allocated' (green), '0 Pending' (yellow), and '0 Not Allocated' (red). Under 'Enrolment', there is a button for 'S1'. The right column has a 'Home' tab and a section for 'Semester 1 2026'. It contains a message about the allocation adjustment period closing on Monday 9th March 2026 at 9:00am. Below this is a video player titled 'Class Adjustment in MyTimetable' with a play button and a 'Share' link. At the bottom of the video player is a 'Watch on YouTube' button. A footer link says 'For more details, visit [my.UQ - Class Allocation](#)'.

- You can schedule classes back-to-back, Classes will end a few minutes before the hour to give you time to get to your next class.
- If your class runs for more than an hour the teacher will usually give you a chance to take a break partway through

Check in – are you prepared for Week 1?

Accessed your student email?

- Your email comes in different forms (e.g. @uq.net.au, @student.uq.edu.au) but all go to the same place
- Really important to check this every day. Set up redirect to personal email if that will be easier for you.

Check in – are you prepared for Week 1?

The screenshot shows the my.UQ dashboard interface. At the top, there's a navigation bar with the University of Queensland logo and the text 'my.UQ'. Below this is a sidebar menu with various options: Dashboard, Browse my.UQ, My courses, My files, My profile, My requests, Microsoft 365, Support history, Email, Favourite apps, Learn.UQ, Library, mySI-net, My Timetable, and All apps. The main content area displays a message about mailbox migrations, followed by a section for 'Notifications' with a link to 'End-of-semester 2025/2026 examinations'. Below this is a section for 'My current courses' showing 'Semester 1, 2026' and a course 'COMU7301 Communication Campaigns'. At the bottom, there are sections for 'Events' and 'News', each with a featured item and a link to view more.

There are no planned migrations of your student mailbox. Any applicable migration is complete.

You can find links to all these important sites through your my.UQ dashboard.

We've also included these links in the Linktree.

What to expect in your classes

- Different teaching and learning approaches and formats
- Full time student
~ 10 hours per course
each week

What to expect in your classes

Online learning

- Many courses have online parts (UQExtend)
- Some are released for you to complete in your own time.
- Do pre-work before class
- Courses have a discussion board.
Everyone benefits from this shared learning

What to expect in your classes

Lectures:

- Will be recorded and uploaded to Learn.UQ (Blackboard)
- Not marked for attendance
- Enrol with “delayed viewing” if you have a timetable clash
- Conclude 10 minutes early (e.g. 11-12pm will finish at 11:50am)
- Have course material: books, online resources, library
- Have contact details in *Course Profile* for coordinator, lecturer etc

What to expect in your classes

Laboratories and or practicals

- May start in Week 1 or Week 2.
- Bring lab coats and wear enclosed shoes. Tie back long hair. Most labs will provide safety goggles and safety gloves.
- Not recorded. May be assessed.
- Typically run for 2 to 3 hours without a break.

Tutorials

- Usually start week 2.
- Interactive and participatory based on course content.
- Not recorded.

What we expect
from you

What we expect from you

In class

- Ask questions
- Speak up with answers
- Keep your phone off
- Be on time for class
- Bring laptop or notebook

What we expect from you

Outside class

- Check your UQ student email every day
- Use discussion boards
- Learn to navigate UQ sites
- Watch recordings
- Do readings before class
- Study time
- Respectful emails
- Complete the Academic Integrity modules
- Let us know if you're struggling

FAQ

- ***What happens if I miss class?***

You will need to catch up. Talk to your peers and look on Learn.UQ (Blackboard) for what you've missed. You may lose marks if the class is graded. Check Course Profile.

- ***What happens if I'm late?***

We understand things happen. Just walk in quietly and join the class. Don't make a habit of being late!

- ***Can I bring food and drinks to class?***

Generally, no food is allowed in the theatres or classrooms. A water bottle is fine.

- ***How much homework is there?***

Each course requires around 10 hours of study per week, including class time. You may need to spend more time on study and assessment.

- ***If I'm enrolled with delayed viewing, can I still come to class in person?***

Discuss this with your lecturer or tutor. It will depend on the capacity of the classroom.
